

## Attendee Information

The 2020 SUN 'n FUN Aerospace Expo will proceed as scheduled. While we are aware of and monitoring the current circumstances surrounding the COVID-19 Virus, the event will continue as planned. As the primary fundraiser for the Aerospace Center for Excellence, we remain dedicated to creating limitless opportunities for today's youth but are also committed to public health and safety. SUN 'n FUN is working closely on a daily basis with local, state, and federal agencies to plan for a safe event with appropriate precautions and safeguards in place. As a result of this information and the recommendations of the Centers for Disease Control and Prevention (CDC) for large events and festivals, we are proceeding with SUN 'n FUN 2020 with the health and safety of our attendees, staff, and volunteers, as our top priority.

### **The CDC's safety precautions include:**

1. Washing your hands for 20 seconds and using alcohol-based hand sanitizers.
2. When coughing and sneezing, cover mouth and nose with flexed elbow or tissue – discard tissue immediately into a closed bin
3. Avoid touching your eyes, nose and mouth with unwashed hands.
4. Stay home if you have a fever

### **On-site Action**

Currently, we are taking the following actions on-site:

- Provision of disinfectant wipes and spray, hand sanitizer for restrooms, common area spaces and activity spaces, and microphone wipe downs.
- Outreach to all meeting spaces, venues, and hotels.
- We are providing training for over 3500 volunteers, and dedicated response teams will be standing by to quickly clean up spills, trash and other potential hazards.
- Regular sanitizing of restrooms and food prep areas will also be performed.

These are all implemented preventative measurements that are in line with the recommendations of the CDC and other health organizations/agencies.

### **Symptoms**

The CDC is encouraging employees, volunteers, and attendees with symptoms of acute respiratory illness such as fevers or cough to stay home until they are without symptoms for at least 24 hours.

Emphasize staying home when sick, respiratory etiquette, and hand hygiene.

## Closing Remarks for COVID - 19

The best practices of scientific and health resources are being followed as we prepare for our 2020 event. At the World Health Organization press conference, Director-General Dr. Tedros Adhanom Ghebreyesus stated, “Our greatest enemy right now is not the virus itself. It’s fear, rumors and stigma. And our greatest assets are facts, reason and solidarity.”

Please monitor our communications as we will continue to update as more information becomes available.

## General Public Safety

- **Be aware of your surroundings** – There are lots of aircrafts and vehicles that move around SUN ‘n FUN. So it is always important to make sure that you are paying attention to where we are standing, what’s going on around us, and if there are children making sure that they stay clear and out of the way as well.
- **Stay hydrated** – Make sure that you are drinking plenty of water. This will help to prevent heat exhaustion and dehydration. There are water fountains located through SUN ‘n FUN.
- **Suspicious activity** - Never leave your bags/purses or possessions unattended for any reason. Unattended bags/purses may disrupt events and could be removed, damaged, or destroyed by police or other security services. If you see anything or anyone that may look suspicious please find a volunteer, staff member or police officer to assist you.
- **Firearms/Weapons** – Carrying a firearm or weapon while on SUN ‘n FUN property is prohibited. If you see any individual with a weapon/firearm on them, please contact the local police. <https://www.flysnf.org/guest-services/prohibited-items/>

○ **Heat Protection** – In preparation for high heat please consider bringing the following:

- Sunglasses
- Hat
- Umbrella
- Cooling Towel
- Sunscreen (reapply every 2 hours)
- Sun Protective Clothing

○ **Required Medication** – If you or someone you are traveling with requires medication like allergy medication, please make sure to have it with you in case of emergencies.

○ **Bag Search** - Bag checks and searches will take place on upon entry. Coolers are prohibited in the park.

## + Sunscreen: How to apply

- All types of sunscreen should be applied 15-30 minutes prior to outdoor activity.
- Physical sunscreens are immediately effective.
- Throw it away if past expiration date or over two years old.
- Apply generously.
  - Experts recommend half a teaspoon each for the head, neck, and each arm and a teaspoon each for the chest area, the back, and each leg.
  - Or, a one-ounce shot glass full for an average-sized adult.
- Reapply every two hours or per water exposure directions on bottle.

## In conclusion

We have made it our top priority to ensure that these preventative measures and tips have been put in place to protect the health, safety, and well-being of our staff, volunteers, and attendees. If you have any questions or concerns, please feel free to contact us at (863) 644-2431 or email us at [info@flynf.org](mailto:info@flynf.org). All of our updates regarding the COVID – 19 can be found on our website.
